# Soufiane Chahine

Senior PHP / Symfony Developer — Full-Stack (Symfony · Vue · React)

## PROFILE

Senior full-stack developer with 6+ years of experience, specialized in PHP/Symfony and modern front-end development (Vue 3, React/TypeScript). Former Tech Lead who managed a team of 3 developers. Proven track record in ERP rebuilds, SaaS replatforming, API integration and database management (PostgreSQL, MySQL). Recognized for solving complex technical problems and collaborating effectively within distributed teams.

## PROFESSIONAL EXPERIENCE

**PHP / Symfony Developer · Yoo** — Casablanca, Morocco Sept 2023 – present

- Built new features and fixed bugs on an order-management and print-scheduling application.
- Refactored core modules to improve code maintainability and performance.
- Wrote unit tests with PHPUnit and managed / optimized the PostgreSQL database.
- Partnered with UI/UX teams to ensure compliance with mockups and the design system.

**Tech Lead · Yoo** — Casablanca, Morocco 5 months

- Led a team of 3 developers: sprint planning, task prioritization and skill-based delegation.
- Drove the rebuild of a SaaS platform focused on scalability and security.
- Defined and prioritized the product roadmap with the Product Owner.
- Acted as technical lead for adopting new technologies and best practices.

**PHP / Symfony Developer · HiiT Co** — Casablanca, Morocco Aug 2022 – Aug 2023

- Designed and built an ERP from the ground up, and rebuilt a real-estate project-tracking application on Symfony.
- Developed custom WordPress plugins in native PHP with third-party API integrations.
- Managed and optimized the performance of MySQL and PostgreSQL databases.

**Web Developer · NEURONET** — Casablanca, Morocco June 2018 – May 2022

- Built websites, e-commerce platforms and a registration-management application.
- Developed custom plugins in native PHP.
- Stack: PHP, Symfony, Laravel, MySQL — maintained and optimized existing applications.

**Web Developer · sitedyali** Jan 2016 – Jan 2017

- Built a content-management site and rebuilt existing sites to improve user experience.
- Developed and managed databases with PHP, Laravel and MySQL.
